#### Other

PRs with orders that have shipped or are in won or closed status are not eligible.

Orders quoted and placed on existing PRs will only have promotional pricing applied during the initial validity period of the PR.

Existing PRs that have orders placed before November 1, 2021 are eligible to receive the Top Runner promotional discount for eligible Top Runner PR product families or specific Top Runner PR SKUs as published in previous versions of the Top Runner promotional offer.

Beginning November 1, 2021 if an order is placed on an existing or new PR, only eligible Top Runner PR SKUs (Table A) as denoted under the current published promotional terms and conditions are eligible for the promotional discount.

If an order is placed two weeks before the end of the promotion (December 31, 2021), but the distributor does not have inventory to ship within the promotional

period and the SKU is no longer part of Top Runner PR on January 1, 2022, we will honor the fourth quarter Top Runner PR discounts until March 31, 2022. The distributor must demonstrate the date the reseller P/O was placed, and that product is on backorder with Honeywell. If a qualifying order is not shipped by March 31, 2022, a PE can be requested to match promotion pricing subject to the usual PE approvals.

Any claims related to this rebate must be submitted a maximum of 30 days following the expiration date of the original PR.

Standard lead times apply to orders for devices.
