McAfee is committed to supporting customers through the modernization journey. Our robust device-to-cloud portfolio provides organizations with the best roadmap on the market and support to get them there.

McAfee Bridge Year Promotion for Modernization Now

Move to McAfee from any solution and make no payments for the first year with three-year licensed solutions. Migrate your endpoint and cloud solutions to secure your investments now and into the future. The Bridge Year Program provides promotional, discounted pricing and no payments for the first year.

Details

- Program duration: April 1, 2021 through December 24, 2021.
- Eligibility: Customers new to McAfee (net new logo) and existing customers migrating from competitive products.
- Eligible contracts: Three-year contracts over \$25K ACV.
- Eligible products: UCE-A and UCE-B bundles, Endpoint SKUs MV6 and MV7, and any other McAfee product that replaces a competitive product.
- Eligible regions: North America and EMEA. This program may not be available in every location based on the availability of finance partners and the risk profile of the customer.
- Excluded: Monthly pay-as-you-go contracts.

Terms and Conditions

- Customer migration must commence within 30 days of signed purchase order.
- Customer credit check and simple finance agreement required.

Customer Benefits:

- Pay annually while gaining benefits from a multi-year discounted price.
- Mitigate risk of annual price increases with a multi-year fixed price.
